2nd announcement
Dear Colleagues,

We are pleased to invite you to Barcelona, Spain for the 7th European Congress: Perspectives in Gynecologic Oncology to be held 29-30 January 2010.

This year’s meeting will highlight practical approaches to the management of cervical, endometrial, and ovarian cancers that can be applied to clinical practice. Through case presentations and expert discussion led by key opinion leaders, the Congress will provide the foundation of the program content for practitioners involved in the diagnosis and management of gynecological cancers. By the conclusion of the Congress, attendees will be able to identify emerging therapies for gynecologic cancers and develop valuable strategies for integration into current and contemporary disease management.

Attendees of the 2009 Congress referred to it as “excellent” and “one of the best” gynecologic oncology congresses. We look forward to welcoming you to Barcelona for what is sure to be a very rewarding and educational experience.

Sincerely,
Andreas du Bois, MD, PhD

Who Should Attend
This educational activity is designed for gynecologists, oncologists, radiation therapists, pathologists, and other practitioners involved in the diagnosis and management of gynecologic cancers including ovarian, endometrial, and cervical cancers.

Corporate Support
Several options are available to companies interested in supporting this Congress.

For more information, please contact Imedex at +1 (770) 751 7332, or by email at cme@imedex.com.

Objectives
After successfully completing this educational activity, participants should be able to:

- Assess the appropriate clinical usage of the human papilloma virus (HPV) vaccines in the prevention of cervical cancer and the role of preventative screening in the vaccination era
- Apply advances in targeted therapy and surgical approaches to clinical practice for advanced and metastatic cervical cancer
- Determine ways to adequately manage cervical cancer in the pregnant patient
- Summarize advances in and the role of adjuvant radiotherapy and chemotherapy in the management of endometrial cancer
- Discuss recent clinical advances among uterine sarcomas and trophoblastic disease as they relate to the therapeutic management of these diseases
- Determine the optimal surgical management of ovarian cancer as well as appropriate timing of second-line chemotherapy based on disease stage and clinical presentation
- Discuss clinical data that may provide evidence to support new treatment options in ovarian cancer
- Formulate the most favorable approach in the management of gynecological cancers by incorporating expert perspectives based upon emerging data

Where Miró meets the Mediterranean and medieval quarters showcase modernist masterpieces, W Barcelona is an avant-garde icon created by the world-famous Ricardo Boffil, rising above the spectacular beachfront in one of Europe’s most stylish cities.

Sail away in seasonal style at W Barcelona, a stunning icon where 26 floors of signature W luxuries and pampering take you from the bustling boardwalks of the beachfront to the captivating colors of the Catalonian sky within a reflecting facade of silvered glass. The hotel is a modernist masterpiece of avant-garde architecture anchoring the port’s Nova Bocana, where historic Barcelona meets the timeless Mediterranean Sea.

From the doorstep, explore the vintage glam of La Barceloneta, the bustling fisherman’s village leading to the Olympic Village’s beaches and water sports and Port Vell’s acclaimed restaurants via tree-lined esplaudes. Or go the other way to Ciutat Vella, the Old City where gothic cathedrals, Roman foundations and Mediterranean mysteries come together in a vibrant maze of colorful neighborhoods and lively streets. From La Rambla, the city’s most famous promenade that’s also a fascinating installation of Barcelona’s most eclectic personalities and architecture, uncover every cobblestone of Barri Gòtic, the original old quarter, or browse La Ribera, where galleries and boutiques revolve around the Picasso Museum.

For the convenience of attendees, a limited number of rooms have been reserved until 7 January 2010 at a discounted rate of €199.00 single occupancy, plus tax (VAT), currently at 7%. This rate is not guaranteed outside the Congress dates or after 30 January 2010.

To reserve your room please contact the W Barcelona reservations department at +34 93 295 2800 or visit the hotel’s website at http://www.starwoodmeeting.com/
