

**THE BEST IN ACCREDITED,
INDEPENDENT CONTINUING
MEDICAL EDUCATION FOR
OVER 20 YEARS**

Imedex develops high quality, scientific programs that transform the latest research into clinically relevant information. Imedex programs have a proven sustained impact on disease management, exceptional organization and outstanding educational value.

Imedex manages over 150 medical educational projects annually, including live meetings, on-line webcasts, CD-based information and publications. More than 15,000 medical specialists attend our live events every year.

Imedex is focused on helping to improve the clinical management of patients around the world. Project therapy areas include cardiology, CNS, gastroenterology, hematology, infectious disease, oncology, psychiatry, and urology. Our goal is to ensure that *education is the best medicine*®.
